Configuration of the PC CADDIE interface

Under **Settings/Programme settings/Configuration of the PC CADDIE interface** you can customise the appearance of the PC CADDIE programme locally and individually.

Font+Size

In the first tab, you can configure the font and button size:

TIP: The font size is configured via **Basic setting** is set. Especially for POS computers with touch screens, the tick **Enlarged buttons for touchscreens** is recommended. Confirm with **OK**.

Colours

Here you can individually set the colours for your PC CADDIE. We recommend using colours that are easy on your eyes. Confirm your changes with **OK**.

PC CADDIE-Define optics	×
Font+Size Colors Infodesktop Special	
Main window Color: 15000804 Image: Color: Selection: 16777215 Image: Color: Image: Colo	
Working window Color: 13224393 Image: Color: Selection: 16777215 Image: Color: Image: C	

Infodesktop

The PC CADDIE Infodesktop can be activated by ticking the option *Activate Infodesktop* and confirm with **OK**.

Infodesktop is deactivated by default for pay stations. If you are the supervisor for your PC CADDIE programme, you can define the Infodesktop settings here: Password management The user stored as supervisor can choose between the following settings:

PC CADDIE-Define optics	×
Font+Size Colors Infodesktop Special Image: Special strain Image: Special strain Special strain Infodesktop settings Image: Special strain Special strain	✓ <u>Q</u> K X <u>C</u> ancel
InfoDesktop Do not show with cash station Never show InfoDesktop Do not show with cash station Show always Show to Supervisor only	<u>OK</u> Cancel

Special

Please only change these settings in consultation with PC CADDIE Support!

PC CADDIE-Define optics	×
Font+Size Colors Infodesktop Special	✓ QK
Change the following settings only after consultation with the PC CADDIE Support!	X <u>C</u> ancel
Design: Standard	
 Use dialog font also in the menu Transparent design Highlighted list entries 	
Start only one instance	
Shortcut keys: with Win key	
Size query at startup: 0 mal	
	11

!

Restart PC CADDIE to apply all optics changes completely.

Change design

With the 2022a annual update, all PCCADDIE installations will be converted to the "Modern" design. You can change this back to "Colourful" for each workstation.
