## RPR entries Germany

Text in progress and update to follow - Status 27.3.25

It is now also possible with WHS to print an RPR list, of course only for RPR rounds that have taken place in your club.

Select **Handicaps/Print/RPR entries**

The screenshot shows a dialog box titled 'Liste der RPR-Eintragungen'. It contains the following fields and options:

- 'Geben Sie Zeitraum und Text an:'
- 'Datum von: 01.01.24 bis: 31.12.24'
- 'Textinhalt:' (highlighted with a red box)
- auch storniere Einträge
- 'Personengruppe: Alle Kontakte' (dropdown menu)
- 'Drucken F8' (button)
- 'Abbruch' (button with a red X)

Text content:

- blank: all RPRs will be printed, including PR (Platzreife) or Kindergolfabzeichen Gold - all RPRs that you have created via Print RPR Scorecard.
- RPR: only RPR are printed, without children's golf badge gold and PR (course licence)
- Children's golf: only children's golf badges gold are printed (only those that you have processed as RPR scorecards!)

## Result entries Switzerland

Since the introduction of the World Handicap System (WHS), the scoring records have been calculated by the golf associations. In Switzerland, the handicap history sheet from SwissGolf is loaded into the local PC CADDIE, so an evaluation can also be made here.

This is not possible in most countries, as the associations do not make the handicap history sheets available for loading into PC CADDIE.

The entries in the handicap history sheet can be printed with the function **Handicaps/Print.../Handicap entries** function in list form. You can use this to list the handicap changes in a specific period and also make a selection as to whether you only want tournament results or all changes:

The screenshot shows a software dialog box titled "List of handicap entries". It has a blue title bar with a close button (X) in the top right corner. The main area is divided into two sections. The left section contains the following fields and options: "Date" with "from:" and "to:" sub-labels, where "from:" has a text box containing "01.01.18" and "to:" has a text box containing "31.12.18"; "Text content:" with an empty text box; "Type:" with several checked checkboxes: "Manual entries", "Competition entries", "improved handicaps", "confirmed handicaps", "worsening of handicaps", and "Extra ordinary entries"; and two unchecked checkboxes: "Only changes" and "Also canceled entries". At the bottom left, there is a "Persons group:" label and a dropdown menu showing "All members" with a search icon to its right. The right section of the dialog contains two buttons: "Print" with a printer icon and "F8" shortcut key, and "Cancel" with a red X icon.

If you enter a text content, e.g. „EDS“, you will only receive a list of HCP changes due to EDS rounds. Or you can enter „Club champion“ as text content and the dates of the club championship, then you will receive a list with all changes to the club championship (you will then have the new handicaps on a single list if it is a multi-round tournament).
