Statistics

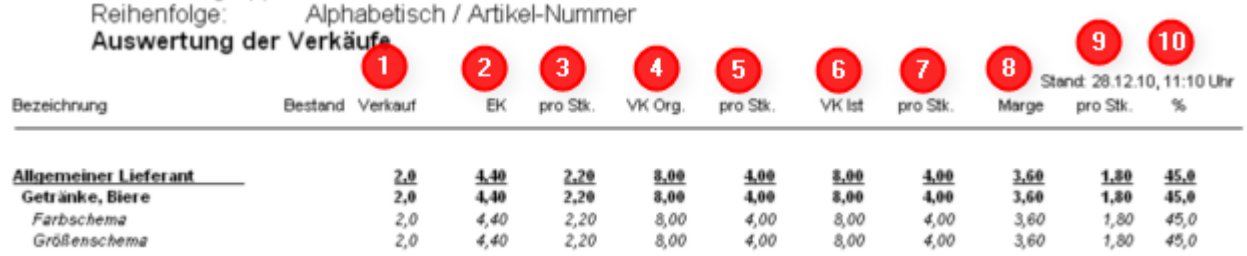

Under ***Turnover/Contribution types / Articles/Printing…/Statistics*** and under ***Items/Print…/Statistics.*** the following window opens:

Make the following settings:

1. Limit the ***date*** according to the desired time period. Bear in mind that it is better to use a smaller time range for testing, as otherwise you could have longer waiting times for printing.
2. Here you can explicitly select a specific ***supplier*** here. If you select all suppliers, you have the option of dividing the list ***Divide by supplier.***
3. Via the button ***Selection*** button you can ***product groups,*** that are to be analysed.
4. Make the fine adjustments for the articles here.
5. The ***sequence*** can be varied.
6. The ***evaluation*** can be made via „Sales“ or „Purchasing“.

Once you have made all the settings, click on ***Print*** (F8).
