PC CADDIE://online Course & Event Management

Local administration

Here you will find instructions for local administration for the Course and Event Management.

Online view for booking

The view can be organised in different ways. Please consider in advance how you would like to present your course programme.

Calendar of events

- The prospective course participant sees the programme in a large overview.
- They can use categories to filter the courses they are interested in.
- By selecting a month, you can quickly and easily see which event is in which month.
- The game is visualised via the image.

Week view

An additional weekly view gives prospective course participants a quick overview.
