

PC CADDIE://online Scorecards calculator

The scorecard calculator is an additional feature of our [PC CADDIE://online APP plus Responsive Design](#). It adapts perfectly to your output device due to the responsive design and offers great user comfort.

Load course data

Find out more about the Scorecard calculator [here](#). You can use this to load the course data created in the PC CADDIE program into the PC CADDIE://online.

Examples from practice

The scorecard calculator offers the following services:

PERSÖNLICHE SCOREKARTE

 Stammvorgabe **1**

9	4	3	//	<input type="text" value="3"/> 	3	5
OUT	36	-	-	50	6	16

1. Based on the logged-in user, the scorecard calculator loads the handicap and the gender. The data can be checked in the user menu under **My Golf/Handicap** (in this example, Katharina Kainz).
2. The course/courses data loaded via the [Scorecards calculator](#) is available here for selection.
3. Matching the gender, the scorecard calculator offers the respectively **tees**.
4. The **Game handicap** is automatically determined from the master handicap.

5. When entering the number of strokes, the gross and net points are determined immediately.
This can be especially enjoyable for golf beginners.

In the end, it even calculates the potential new handicap:

MENÜ		Katharina Kainz
