

Update information

Changelog 2026

February 2026

PC CADDIE TCPIP cash register interface extended to support 7-byte Mifare cards

Hotel module: Room allocation when closing the hotel booking dialogue

January 2026

Extension of the self-accounting settings to 2 and 3 previous years

Set TT rules via tick whether visible in pop-up window

There are now 2 new checkboxes:

- Show colour in timetable
- Show colour in popup

form; in English, the same word is used for both forms.

This was a suggestion for improvement from our voting tool, which we implemented without voting.

Bug fixes for automatic mail dispatch from the player editor:

- Automatic sending if no request is selected in the configuration
- No renewed request for OK in the dialogue, regardless of what is selected in the configuration

Changelog 2025

December 2025

Correction regarding barcode reading

Covid status for children reset to 0 years at the turn of the year 2025/2026

The removal according to the Wiki article did not change the setting that children under X years of age receive the syringe symbol because no vaccination was necessary for them.

CRM customisation: now output data record changes to CSV when printing lists

Improvement in the voucher redemption process in the checkout - the specific PCCO voucher ID is now also inserted into the text here if <PCCV> is in the article text

Correction of the ZUGFeRD implementation - a warning no longer appears when importing into DATEV

Improvement of special sorting for list printing

If, for example, a list is printed and sorted according to personal data (MG no., postcode, etc.), an extra file is no longer created for sorting but everything runs internally → is much faster

Special parameters can now only be edited with PCC employee login

November 2025

Improvement to card system: reallocation changes card account holder

Improved Guestline interface: Adjust departure date in card account to check-in/check-out date

Improvements in the online voucher list

- Previously, the setting „All in period and open additionally“ was used when opening; now it is „All open in period“ - this can be changed again if necessary; please contact support for this
- when opening, the default setting is „last 60 days“ - this can now be changed if required; please contact Support for more information

Improvements in SMS dispatch

- Possibility to filter the SMS outbox list by user (you can only see and send your own SMS)
- Possibility to send 1 or 2 SMS without manual confirmation (for the SMS created by invoice)
- Automatic opening of the SMS outbox list if a new SMS has just been created
- Automatic opening of the outgoing SMS list if there are not yet sent SMS in the list

All four points are activated with special parameters. Please contact our support for activation.

Send tournament SMS only to certain flights (not to complete start list)

This was a suggestion for improvement from our voting tool, which received full marks and was implemented.

Turnierliste als SMS senden

Bitte geben Sie einen Text ein, der der SMS vorangestellt wird:

<ESC> <ESCC>

Den obigen Text bei neuen Sendungen stets mit diesen Informationen vorschlagen:

Absender-Information

Turniername

Bitte beachten Sie, dass eine SMS nur 160 Zeichen haben kann und bei zu langem Text die Liste der Flightpartner gekürzt werden muss.

SMS für TURNIER-ABSAGE versenden
Damit werden die SMS ohne Zeiten und Partner erzeugt. Die genaue Absage-Information sollten Sie oben im Text eingeben

Versandtermin (leer = sofort):

Datum: . . Uhrzeit: :

Nur Startzeit 00:00 bis 23:59

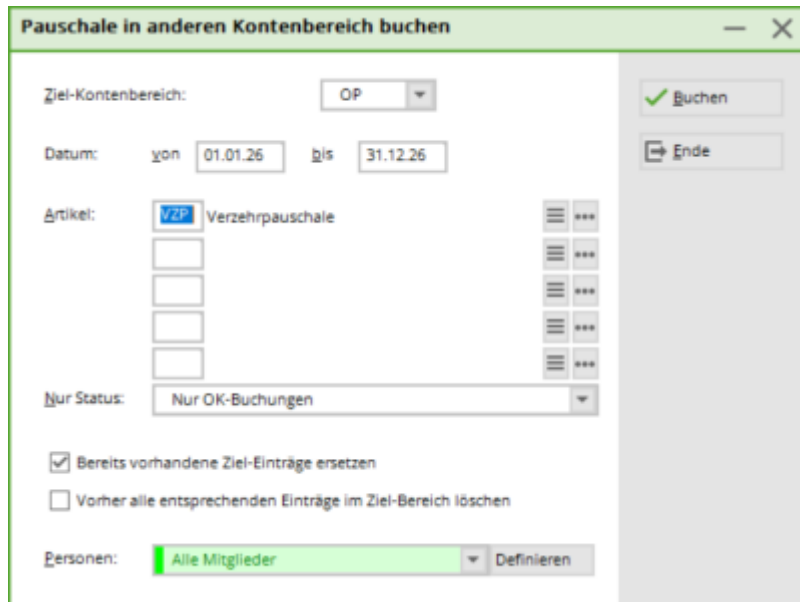

Sendeliste (bestehende SMS senden) F7

OK

Abbruch

New menu item and adapted dialogue for package rebooking

Turnover/flat rates/flat rate evaluation or **Turnover/flat rates/flat rate transfer posting**

The menu item *Flat rates* menu item is linked to the Gastrokassen licence.

Improvement in the start list editor, interception of double-click on delete

Correction event/tournament player editor cut-off position - The specification of a cut-off position in the player editor overwrote the data structure of the second entry option.

October 2025

Correction: Do not display old Anonymus entries for new persons

Correction that the additional information „NONEWS“ no longer cancels the status „Use generally objected to“

Old design „Colourful“ can no longer be selected manually and is also automatically switched to the current design after update

The time of the resource is now adjusted in the PCCOnline dialogue when the resource is moved in the timetable

Guestline Service recovery - Improvements to the Guestline interface in the event of connection interruptions

Book all players in a start time at the same time

This is a suggestion for improvement from our voting tool, which was fully voted on and implemented.
[verbuchen](#)

Copy players from the timetable into a tournament - Create RPR for a complete flight

This is a suggestion for improvement from our voting tool, which we have implemented without full voting.

[spieler_in_turnier_kopieren](#)

September 2025

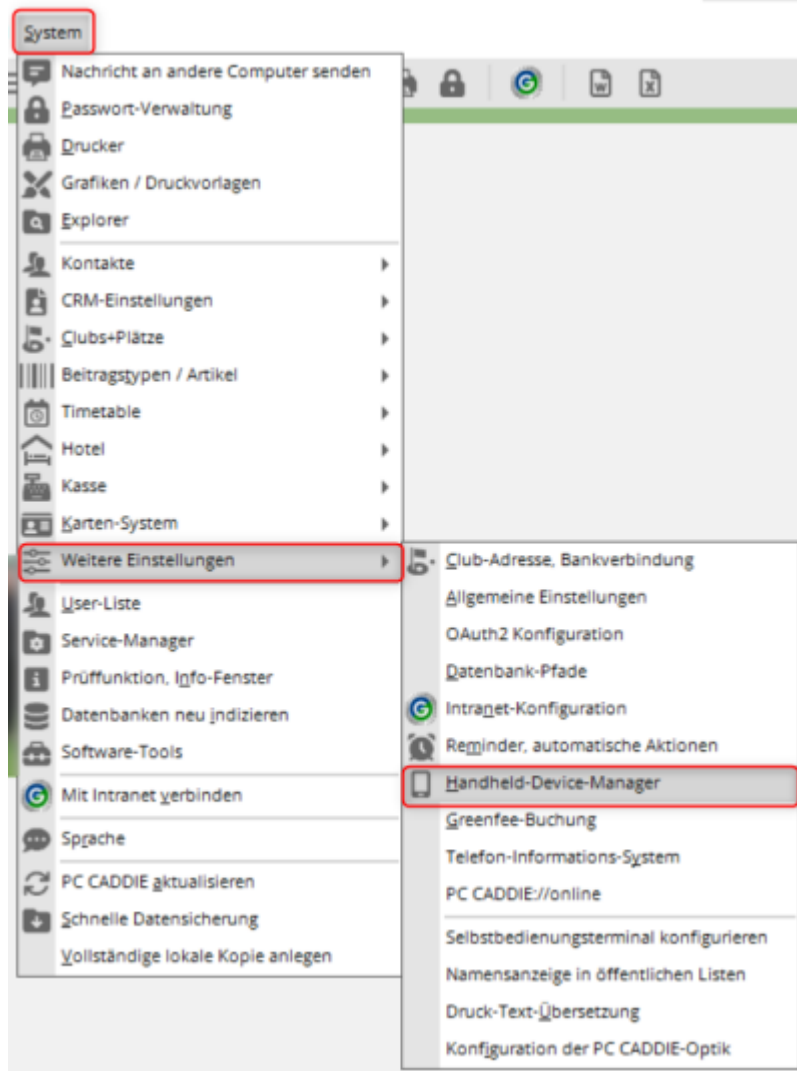

Adaptation of country code for ID card orders: It may no longer be used GB, but must be UK.

Correction that no DSinVK must be confirmed manually when automatically creating transfer articles when a new OP account area is added

Adjustment: halve the difference hcp for 9-hole match play

Correction regarding an error message during tournament export import

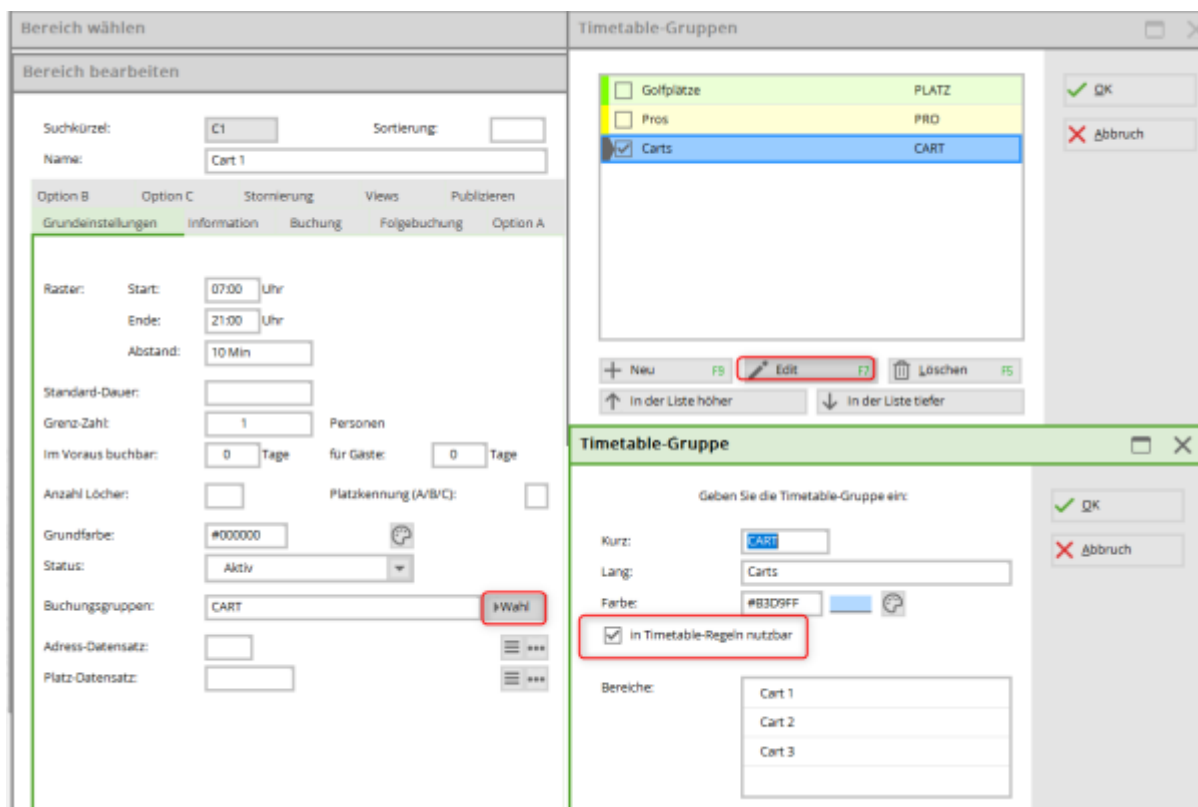

New menu entry available under *System/More Settings/Handheld Device Manager*

Correction when transferring the time via the hotel interface for cancellations

PCC HotelModule: HotelSpider price transfer improved

**New checkbox in the timetable group settings „usable in timetable rules“
[payment_fuer_cart](#)**

Customisation for professionals in Swiss Golf/Golfbox - Pros are sent to the Swiss Golf intranet with a new identifier in accordance with Golfbox requirements

August 2025

Correction to the cash balance

In versions since 2 July, it could happen that operators could cancel the daily closing process at an inopportune moment after starting the closing process and the postings were „archived away“, but no closing was saved at all.

Adopt correct person when paying for reference bookings

Correction when posting from the timetable that after the query as to whether booked person or reference takes over the payment, the selected person is actually selected person is actually accepted.

**The transfer of maximum score results has been improved for the online display of results
At the same time, an improvement has also been implemented for the management of a par 6 hole**

Improvement in the processing of information in the International Golf Interface of Swiss Golf in Luxembourg and Liechtenstein

Adjustment to scorecards with regard to colour coding of the columns for foursomes

Adjustment regarding domain addition for mailing

PIN generation with VON date as PCCO interface call

PIN generation from the PC CADDIE:online app enables direct door access when checking in for

bookings, for example for simulators or in the training centre

Adjustment of Hcp distribution of decimal places for 9-hole 2-person scramble if HCP rounds was set to NO

ELSTER export: Tax number no longer mandatory

July 2025

Improvements in letter printing with reference to the hotel room list

When printing the hotel room list as a letter with the field <XINFO> field, an error occurred because not all data was loaded or the statics were not emptied.

Improvement of tournament start list printing options. (<TOPT4, <TOPT5, etc.)

In der Mail Ausgangsliste wird der Zeitpunkt „Zu senden“ und „Gesendet am“ angezeigt

The image shows two screenshots of a mail management interface. The top screenshot shows a mail item with a status of 'Zu senden' (To be sent) at 15:00. The bottom screenshot shows the same mail item with a status of 'Erfolgreich' (Successful) at 15:02. Red arrows point from the 'Zu senden' status in the top screenshot to the 'Erfolgreich' status in the bottom screenshot. The interface includes a table for mail items and a detailed view for the selected item.

Anpassung beim CR-Ausgleich bei 9 Löcher Turniere

Korrektur der TT-Regelprüfung in Zusammenhang mit familienübergreifende Abos

Korrektur: TT-Regel mit Vorbuchung z.B. „Buchungen möglich ab 2 Tage im Voraus ab 9:30 Uhr“

Korrektur: Handicap-index von Gästen wurde beim Scorekartendruck bei Mehrunden-

Turnieren in der CONT__T nicht nachgeführt nach Turnierabschluss und neuem Eintrag

Korrektur beim Gutscheinlistendruck, bei dem Fett gedruckter Text abgeschnitten werden konnte

Korrektur, dass der Disqualifikations-Status DQO ebenfalls zur Disqualifikation des ganzen Teams führt

Bei den WENN bzw. IF-Bedingungen in Formularen bzw. Briefen/Rechnungen die Prüfung auf VOLL bzw. LEER (FILLED or EMPTY) verbessert. Bedingungen gehen jetzt in dieser Art:

<WENN_VOLL <FIRMA > >
<IF_FILLED <COMPANY > >
<WENN_LEER <FIRMA > >
<IF_EMPTY <COMPANY > >

Improved interaction between CRM and employee timetable

Correction to subscription management: Subscription search across accounts only based on the person if several redemption areas were specified during the sale

The subscription search list now suggests all valid subscriptions for the person/family

Improvements to SMS dispatch

Tournament, team result list: Printing error at Pro corrected

Correction when cancelling articles with components

June 2025

Switzerland: When creating a General Play scorecard locally, a marker is no longer considered OK if it is identical to the counter

Caddie box error corrected

Adjustment CRM/DMS: Follow-up entry should not take over attachment

Cash registers: Other possible sources of rounding differences eliminated

Improvement: Card account display for individual contacts

Adjustment: Feedback to PCCO regarding card top-up where a bonus credit is added or a cost contribution reduces the effective top-up amount

Correction: Invoice cancellation via the cash register

Crash in session manager intercepted

Adjustments to the Mifare chip ID list

- Show date and time of last use
- Voice ID reactivated

- Fixed incorrect input positions (6 instead of 1 for the card number)

Copy players from timetable into a tournament - RPR for four players

This is a suggestion from our voting tool, which we have implemented without full voting.
[klick_mit_rechter_maustaste_auf_die_buchung_fuer_folgende_funktionen](#)

Allows the automatic points or value bonus postings to be negative as well

Adjustment due to enquiry regarding the surcharge of an amount when topping up online for card payments.

This means that anyone who tops up online should be charged the card fees and only receive 45 euros on the card when topping up 50 euros, for example.

Special parameters are required for security reasons. Please contact us for the installation.

Improvement in self-accounting in connection with credit notes

May 2025

Explain voucher ID query better - point out the setting that leads to the query in the dialogue

Multiple triggering (factor selection) for ball machines via the app has been switched off

Correction of the display in the timetable when cancelling a green fee in the cash register

Adjustments regarding setting the original invoice to 0 or credit note for cash register cancellations

These vouchers are no longer set to 0 after an invoice has been cancelled from the cash register, but are now displayed with the original amount or the corresponding minus amount in the credit note.

Structured address of the debtor outside the EU

Adaptation of the SEPA direct debit transfer to comply with current requirements for address details.

April 2025

Correction to catch an error regarding saving the window position if it was never set

Adjustment so that the payment relations can be printed in duplicate invoices if necessary

Adjusted so that the fields before DateFrom and DateTo are not copied in the event

Selfwaiter: Adjustments to display name and table for free customers (without app registration) on receipts

Luxembourg: Adjustment of WHS calculation for 2025 to new formulas according to technical documentation

Luxembourg: Adjust frozen - from 1.4.25

In analogy to the other countries, it is programmed in such a way that the handicap index is only recalculated with a new result from 1 April 2025 and the outdated frozen limit is ignored, i.e. the handicap index can again be greater than 26.5. However, the handicap index will not change until a new result is played.

March 2025

For course information in start list SMS, the field <COURSENAME> in SMS dispatch enabled

Adjustment that the column for the new Hcp remains empty in any case for non-Hcpi relevant competitions

Labelling of the provisional HCPI

Provisional non-binding handicap index after the round

Final handicap index is calculated at night on the DGV server

Test Liste WHS® - 25.03.2025

*	- Das Gesamtergebnis ist identisch mit dem des Vorgängers. Die Reihenfolge wurde nach gewichteten Teilsummen ermittelt!					
**	- Das Gesamtergebnis ist identisch mit dem des Vorgängers. Die Reihenfolge läßt sich auch nicht nach dem oben genannten Verfahren bestimmen und ist deshalb rein zufällig!					
GBE:	Gewertetes Brutto Ergebnis (Adjusted Gross Score)					
vorl.:	Vorläufiger unverbindlicher Handicap-Index® nach der Runde					
	Endgültiger Handicap-Index® wird nachts am DGV Server berechnet					
Brutto:	Im Brutto wurde ein CR-Ausgleich durchgeführt, indem den Spielern die Differenz zum CR 71,7 als Vorgabe auf die Löcher verteilt wurde.					
	Brutto-Angabe: ohne CR-Ausgleich, eingeklammert: mit CR-Ausgleich					

PC CADDIE 14.3.1 © 1988-2024 PC CADDIE AG

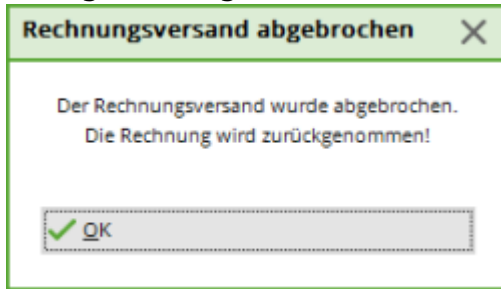

Golfclub Sonnenschein e.V., Remagen

Adjustment: Removing players from the starting list is generally allowed again, also in

Germany

As the passage has been removed from the specifications after one season.

Changed dialogue when cancelling the mail dialogue during invoice printing

Improved booking of upselling articles from the timetable

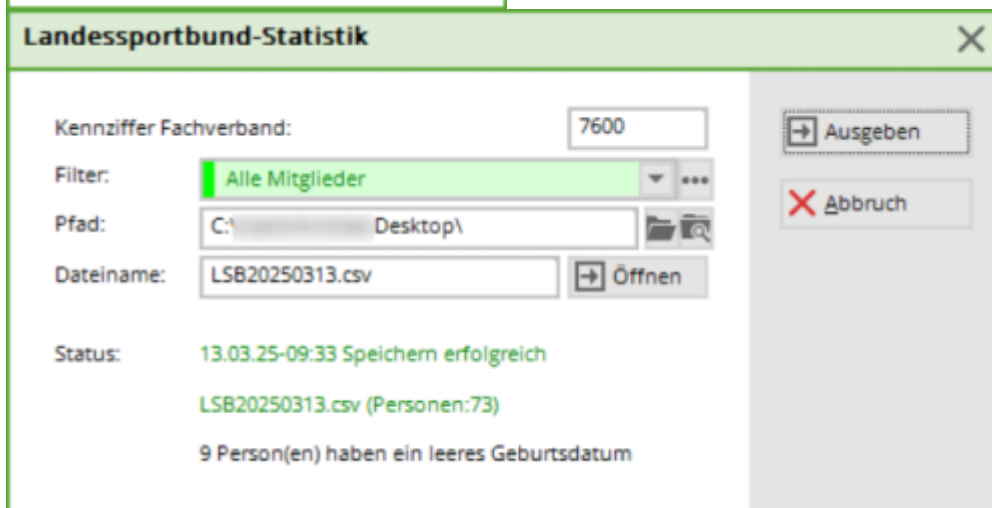

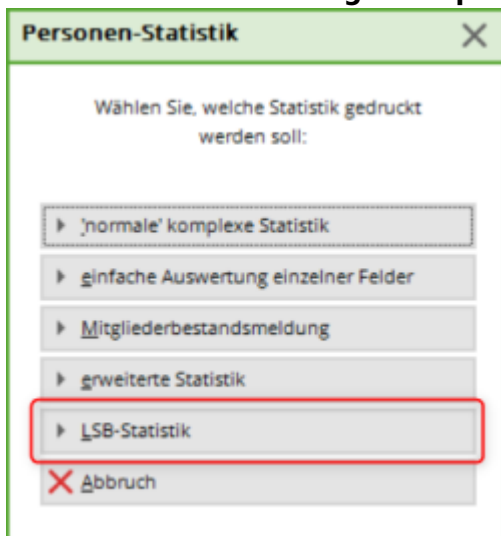

Balance transfer display in self-accounting

Improvement in the time reference block for multiple releases in the card system

This option was previously available for factor machines, but now it can also be used for doors and barriers.

Correction of voucher list print filter

LSB statistics: Counting of all persons by age and gender and export to a file

Improvement test with new home club also for Liechtenstein

Improvement of the intranet check in the case of a diverse gender

Improved: Search for OP details from archive areas

February 2025

New menu item „Fiscalisation“

- The two functions „Kassensicherungsverordnung (KassenSichV) and „DSFinV-K“ have been subordinated there
- New function „ELSTER reporting obligation 146a“ has been added

Adjustment: DATEV consultant field is no longer automatically extended to seven digits

Payment dialogue is closed on user logout

Check card booking - Improvement when cancelling a payment due to problems obtaining a new voucher number (in the event of system problems) to ensure that a card charge does not still go through.

Prevent line breaks in the FNA field in the article and contribution editor

Corrected multiple printing of payments in the account summary

As a supplement to the „greying out“ of the old Kto/Blz fields, it has now been extended so that the contents of these old fields are also emptied if you save IBAN/BIC empty

Club list query - Czech flag added

Delete attachment files from accounts folder in the event of voucher cancellation (concerns cancelled invoices during BuHa document export)

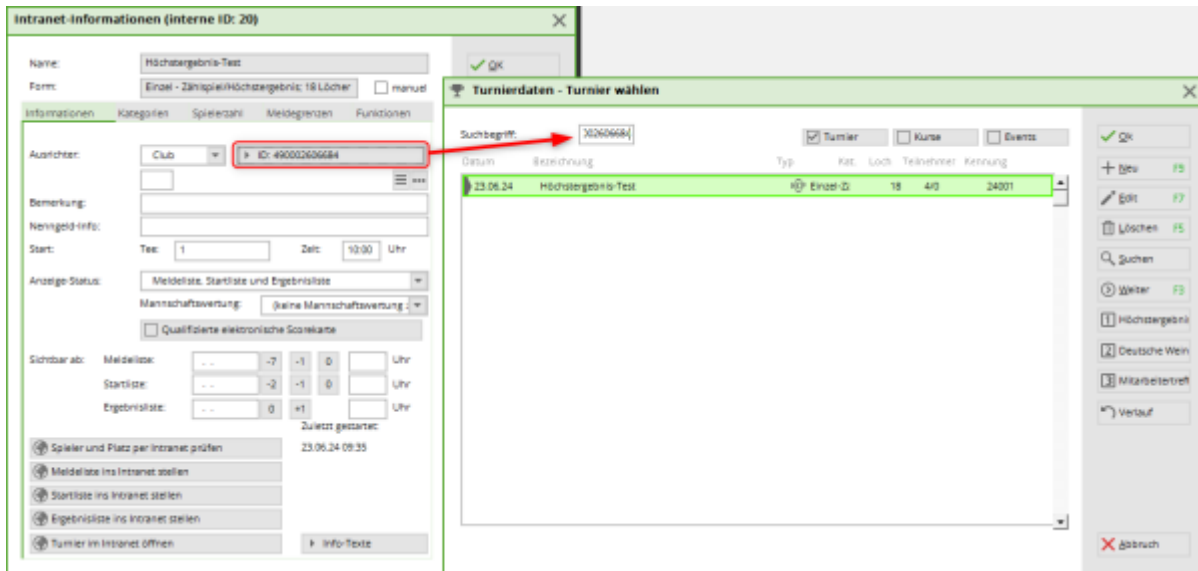

Note the date in the card validity dialogue

Subscription items are no longer deactivated via „Deactivate item with stock 0“

Adjustment of the behaviour regarding the entry of numbers (HCPI class division) without decimal place

A class limit entered as „12“ was previously set to „12.4“ by default and is now interpreted as .0 as a decimal number.

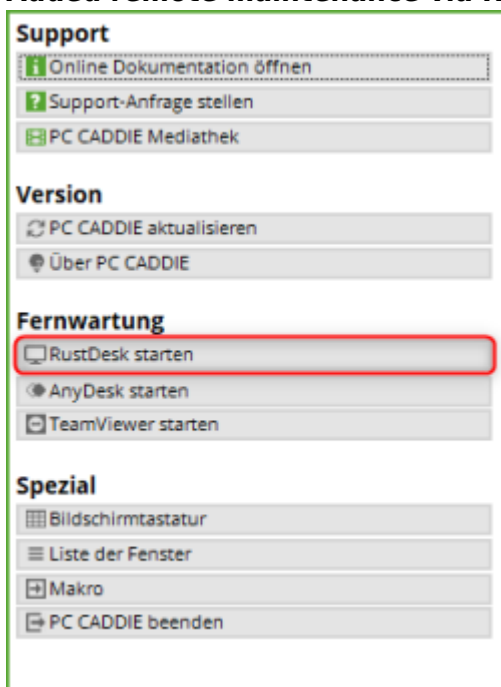

Search for intranet tournament ID enabled for tournament/event selection

January 2025

Old accounting export option „DATEV OBE“ removed

Added remote maintenance via RustDesk in the support menu (green i)

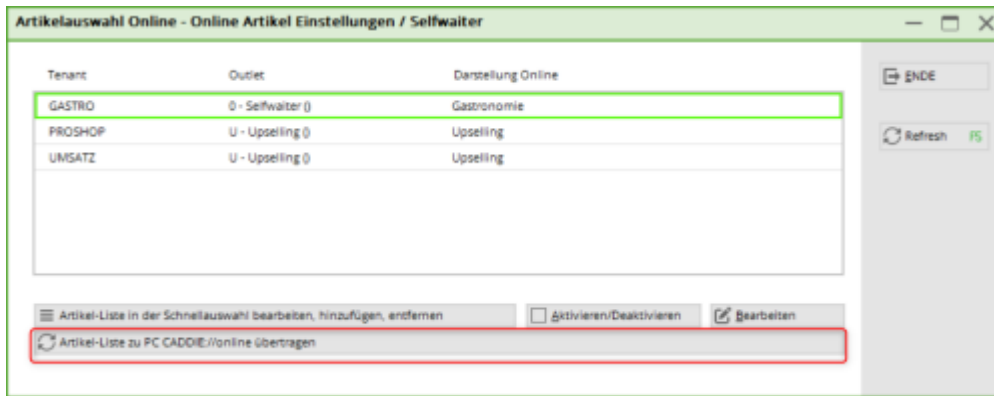

Adaptation: Do not use the surname „Zur“ alone as a name affix

The „Print list“ button in the timetable rule dialogue was missing in the translation. This has now been added.

Selfwaiter - Transfer updated prices/item list from the local PCC to online

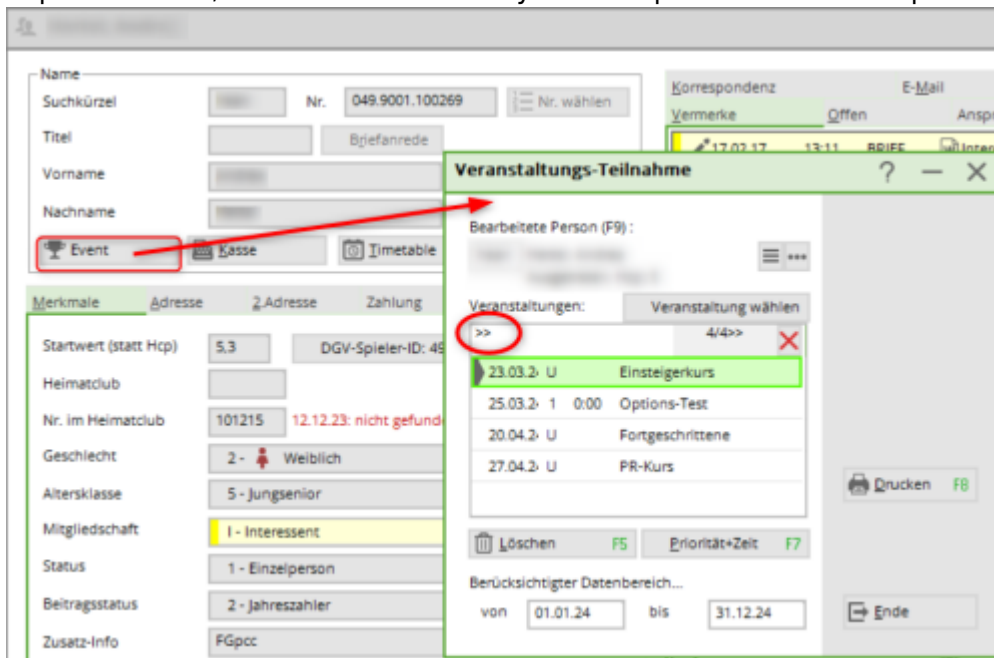

There is now a button „Transfer article list to PC CADDIE:online“. This is in the settings dialogue „Article selection online“ under *System/Article type, Article/Online article settings, Selfwaiter*.

This should simplify the process. You no longer have to go to the Club Manager and press the „Synchronise article with local system“ button after renaming an article in PC CADDIE or changing the price, for example.

Converted from the voting tool, without complete voting: Printing a list of participants for all course dates for one person

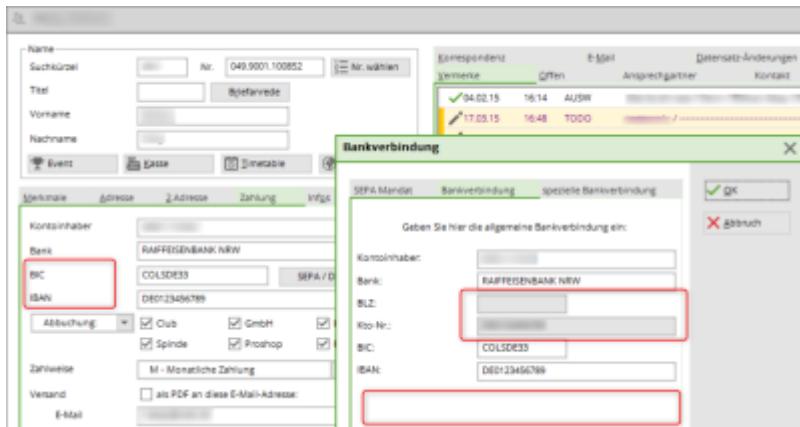

Tap » in the list, then it is automatically in the clipboard and can be pasted into Excel or Word.

This works in all non-printable lists.

SEPA tool customisations:

- Name in the person editor changed to BIC/IBAN only (without /Kto /BLZ)
- Account and BLZ fields in the SEPA details deactivated
- Conversion button Kto/BLZ removed

Correction in the post editor. An info field was missing in the selection.

Correction of the card list printout regarding expired points
