Annual update Germany 2018

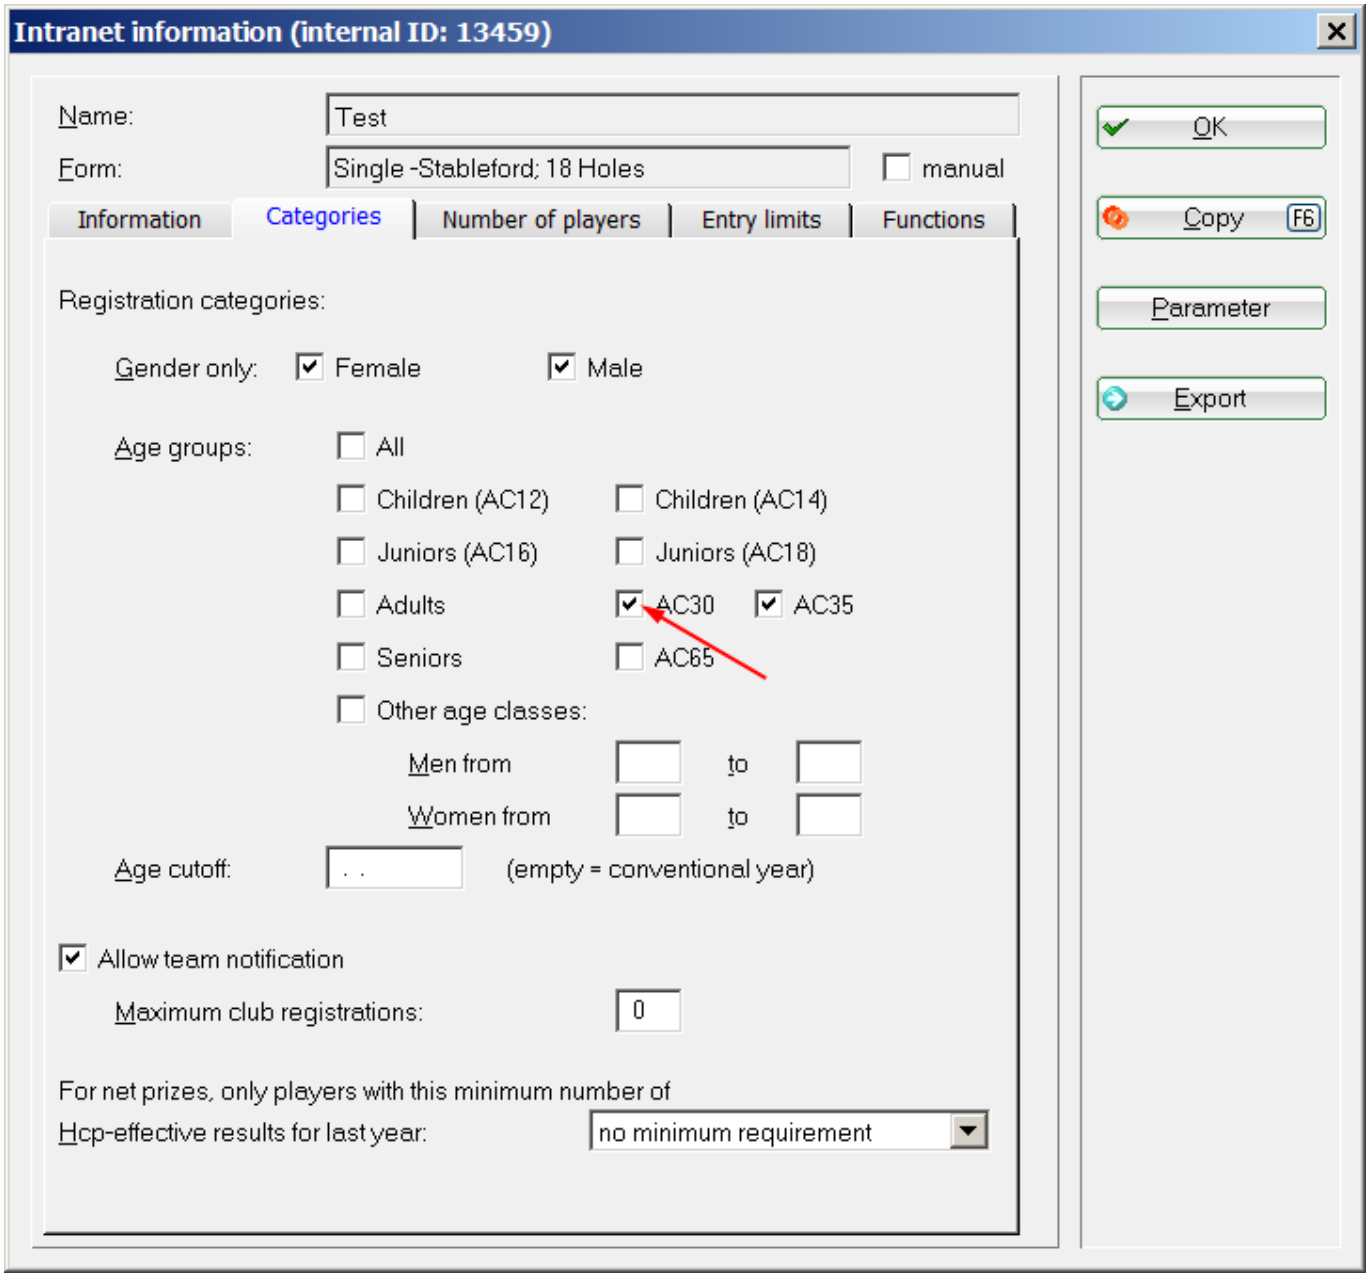

Events selectable for DGV Intranet

For the DGV INTRANET are now available under the ***„Game type“ EVENT*** different types of events are now available.
Read: ⇒Set events for DGV INTRANET

Age groups for competition registrations

From 2018, the AK30 will also be available for activation for competition registrations. Previously, this could only be set via „Other age groups“. In the following example screenshot, players from the AK30 and AK35 could register!

Ordering an ID card

Receipt for cancellation

From 2018, there will also be receipts for badge cancellations. You can cancel badge orders as usual in the intranet information system (IIS). You will then see the cancellation receipts, just like order receipts, directly in PC CADDIE after you have made the intranet comparison.
⇒ Intranet connection and receipts

Regionality check

The regionality check is automated for each member as soon as you edit addresses.
The regionality check is therefore not necessary for all members when ordering ID cards, which

means that repeat orders can be placed quickly and easily.
