Annual update Austria 2021

The World Handicap System will be introduced in Austria on 1 March 2021.

We have added changes regarding the World Handicap System (WHS) directly to the pages. Read more under:

- Handicap management
- Loading handicaps
- Special features in Austria
- Load course data

The course data in Austria will not change for 2021, i.e. there will be no new 9-hole ratings with „half“ CR value.
