

InfoScreen Software

Inform your customers anywhere at any time

Everything on one screen: Course information, tee times, coaching lessons and tournaments with start and result lists weather, the latest news and pictures - in the clubhouse or on the 1st tee, wherever you want it. All presented in an attractive format with our PCCADDIE://online InfoScreen in FullHD, whether indoors or outdoors - also in portrait format. On with map login and touch operation on request: this is what modern information looks like for your customers.
