Exit PC CADDIE

Under ***End/Exit PC CADDIE*** you can end the programme properly. You can also click on the cross in the top right-hand corner.

Here the programme will ask you again whether you want to perform an intranet data synchronisation.

Confirm here with ***Yes,*** if you still have data to send, with ***No,*** if you do not want to transfer any data and with ***Cancel,*** if you still want to remain in the programme.

A Return/Enter on the keyboard would change the preset ***Yes*** would be selected.
