PC CADDIE://online Reservation

To make a timetable area bookable online, the corresponding release is installed in co-operation with the online provider. To release the respective area in PC CADDIE, please click on ***Timetable/Edit areas,*** then select the area and click on ***Edit.*** Under the tab ***Publish*** tab, you can make your selection.

Further details on installing individual timetable areas can be found in the chapter Editing timetable areas.

Teetimes can be booked and displayed online. Bookings are made in real time and are entered directly into your PC CADDIE.

This is an additional module of PC CADDIE for a fee. Please contact PC CADDIE Support for the installation.
