Timetable PUR

The Timetable PUR is a chargeable additional module of PC CADDIE and is used in the following cases:

- Display on a screen in the reception area or at the first tee
- Viewing and/or booking option for a separate computer (e.g. for the golf instructor, a starter or the catering)

The start times or timetable areas are displayed via a Timetable View.

The module is available with and available without booking option. For installation, please contact PC CADDIE Support.
