Print

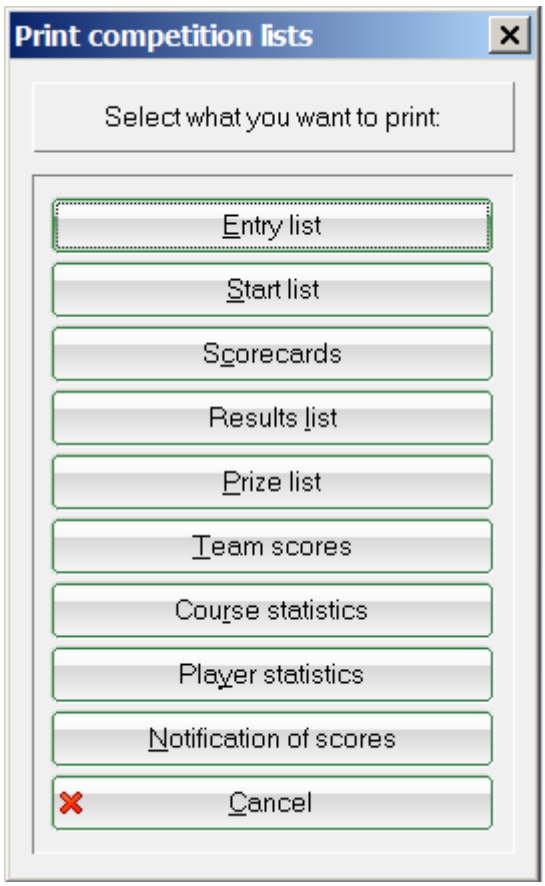

You have various options for calling up the different print options:

Select print processes via the main menu

Via the main menu ***Competitions/Print…*** you can select the desired print option. In the following dialogue, you then only need to select the tournament from the list for which you want to print this list.

Selecting print processes via the tournament mask

If you are already in the input mask of the desired tournament, you can click on the button ***Print (F8)*** button to select the desired list:
