

# Subscription list

Conveniently print the current status of your season ticket green fees, trolleys, carts or SPAs with PC CADDIE. You can only create subscription items in a cash register account area. Here you will find help on how to create a [subscription item](#).

In the menu, please go to **Sales/Print.../Subscription list**. The following settings must be made here: First select the subscription item (1) and the period (2), then click on **Print** then go to Print. If you select the period **from** is left blank, you will be shown the entire history of the subscription item from the time it was sold.

You will then see the following list:

| No.   | Customer            | Purchased | Used | Rest |
|-------|---------------------|-----------|------|------|
| 1     | Heck, Axel          | 30,0      | 3,0  | 27,0 |
| 2     | Kainz, Katharina    | 30,0      | 1,0  | 29,0 |
| 3     | Quickert, Rosemarie | 30,0      | 5,0  | 25,0 |
| 4     | Stökle, Stefanie    | 30,0      | 20,0 | 10,0 |
| Total |                     | 120,0     | 29,0 | 91,0 |

On the example printout, you can see that Axel Heck has already used up 3 of the 30 subscription green fees he purchased and that 27 rounds can still be played.

The status as of 19 November 2010 shows that 29 of a total of 120 subscription green fees sold have been used up. 91 rounds can still be redeemed.
