

Article list

You will find in PC CADDIE under **Articles/Print.../Article list** (or **Settings/Post types/Posts/Print list/Labels.../Post list**) the complete article list with various options:

1. Different **layouts** of the lists
2. **sequence** Define order
3. Selection of specific **product groups** with button **Choice**
4. List of articles including the **minimum stock**
5. With or without **colour/size combinations**
6. Various filters with active, inactive items and payment methods possible; take stock management into account
7. Consideration of the **stocks**
8. Integration of negative stocks
9. Printing of lists on a different **key date**

Via the second TAB **Special filters** you have the following options:

The screenshot shows the 'Artikel-Liste' window with the 'Spezielle Filter' tab selected. The interface includes a header with window controls, a sidebar with 'Drucken' and 'Ende' buttons, and a main content area with various filter options. Red circles with numbers 1 through 11 highlight specific elements: 1. A list function button (three horizontal lines) next to the 'Nur dieser Lieferant' input field. 2. The 'Nur diese Kennung' input field. 3. A list function button next to the 'Auswertungsgruppe' input field. 4. The 'Artikelnummer-Filter:' input field. 5. A list function button next to the 'Datenbereiche:' section. 6. A checkbox labeled 'Nur Farben/Größen-Hauptartikel mit Bestand'. 7. A checkbox labeled 'Fibnummern in der Spalte 'Lieferant' ergänzen'. 8. A checkbox labeled 'Seriennummern'. 9. A checkbox labeled 'Artikelzusammensetzung mitdrucken'. 10. A checkbox labeled 'Lieferanten-Details mitdrucken'. 11. A checkbox labeled 'Artikel-Automatiken mitdrucken'.

1. Selection of a specific supplier using the list function button
2. Option to select a specific article identifier
3. Filtering by evaluation groups, if you have assigned any to the articles
4. Entry of a specific article number
5. Definition of data areas such as new creation of an article or last change or last purchase or last sale or last inventory
6. Display of articles only with colour/size combinations with stock
7. The fibre number is printed in the supplier column
8. the serial numbers are also printed
9. also print the components of the articles
10. Further details on the supplier stored for the item
11. Print article automatics

In the following the different **layouts** are described below.

Complete article list

The complete article list looks as follows in the standard setting.
