

# Entry list

You want to invite all tournament participants with more than 3 attendances for an event, or to award them a prize for the highest participation rate?

You can find the needed function in PC CADDIE under **Competition/Multiple Tournaments, Golf Weeks/Print.../Player List for multiple Tournaments:**

Participants list

With this function you can print a list of all players which have registered for at least one event.

Select the event using the [Select (F2)] button and use the spacebar to mark the event.

Events:

Layout: **2** Tournament statistics

Use these fields in the layout, to insert the event information into the list:

<EVENT> = Mark reserved events  
<EVENT.TIME> = Events start times

Person group: **3** All members

Order: Name

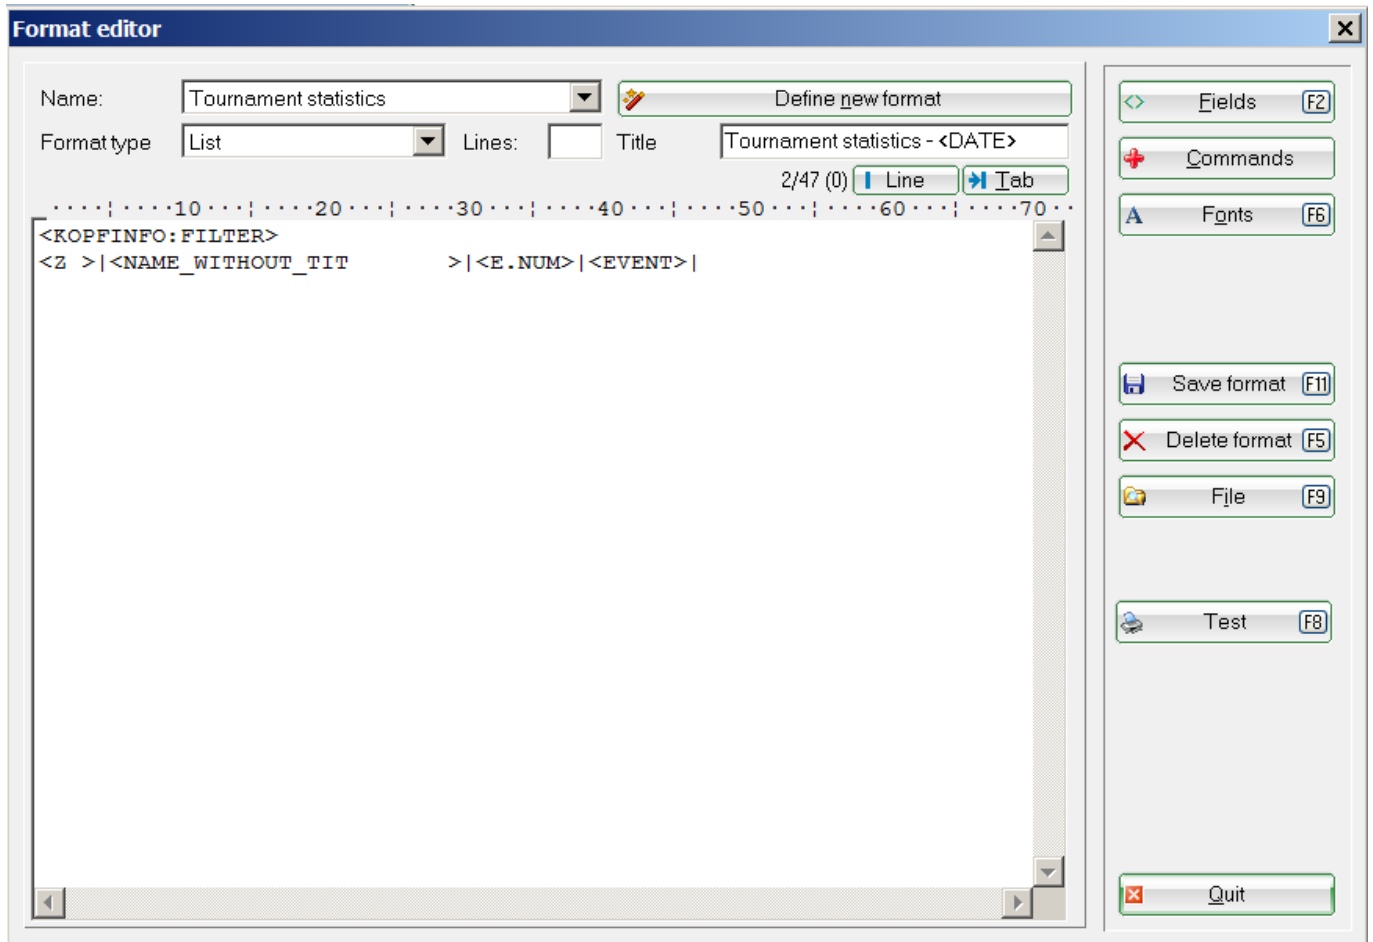

Competition information in the list header

Main list     Buffer     Waiting list

Print (F8)

Quit

1. Press **Select** (F2) for choosing which tournaments should be considered.
2. **Layout** allows to access to all the layouts, including the ones for persons lists. You can create a layout for printing the participants list with the number of attended tournaments.

1. HINT: Use a layout with this code.
2. You can also set the **Person group** and the **Order**.

Press **Print** (F8) to start the printing process:

You already have a well-arranged list showing which tournaments (1) and which persons groups (2)

were selected. You can further see that the members Timo Tester and Paul Member (3) each attended once (4) a tournament with the number 16002 (5).

HINT: If you want to sort this list based on the number of attendances, you have to first [export it in Excel](#) and sort it based on the column „Number“.
