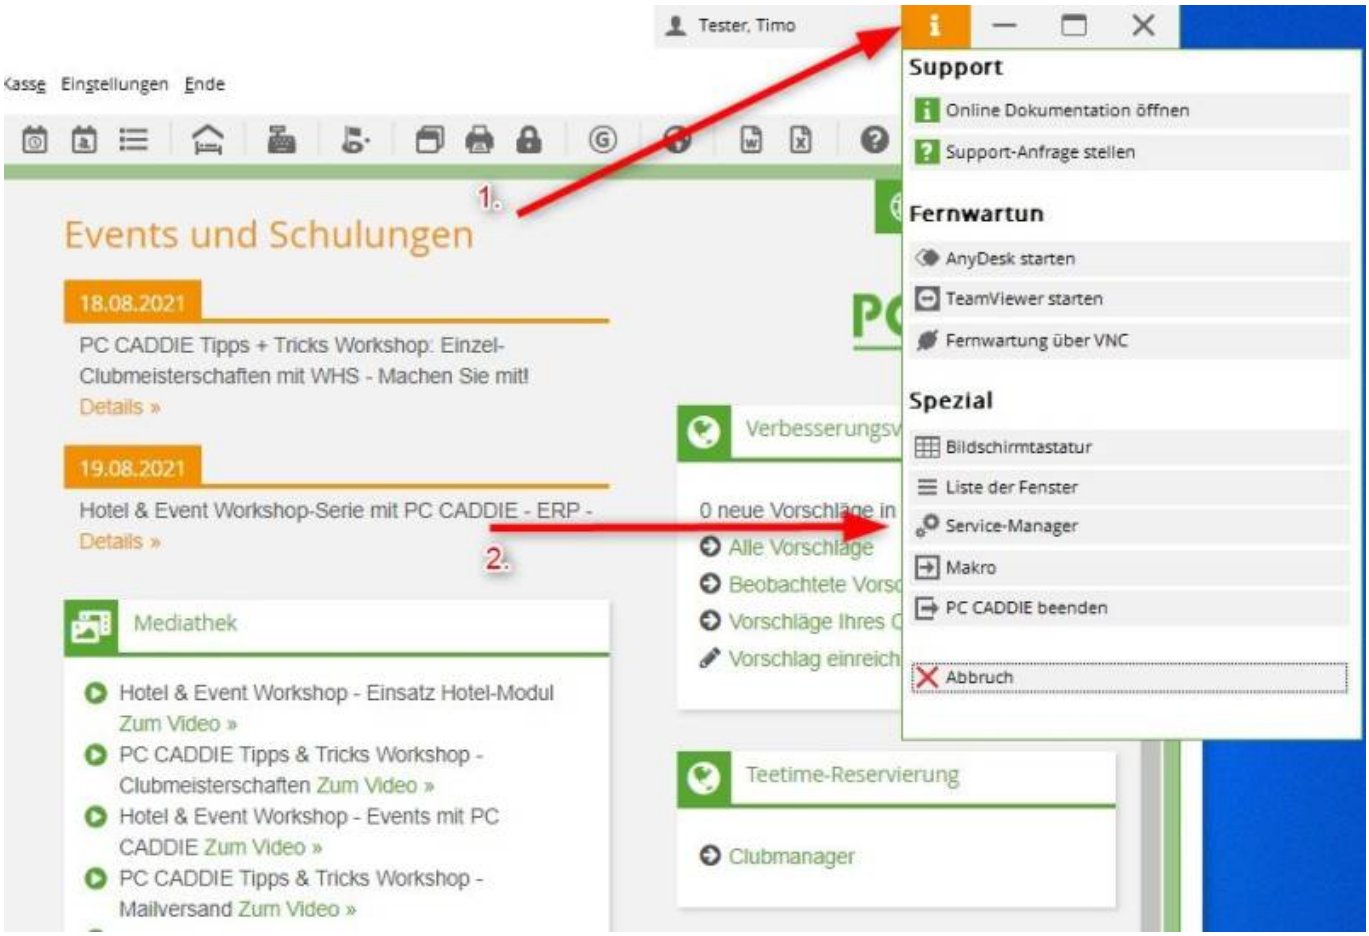
Service Manager

In the PC CADDIE Service Manager you can manage the various PC CADDIE services. E.g. the intranet service or the online service or also typically card servers for your ball machines and doors etc.. Or also the service for the fiscalisation of your PC CADDIE cash register.

Restart fiscal service

In PC CADDIE, click on the top right on the **green „i“** and then click on **Service Manager**.



The Service Manager opens. Here you select the **Fiscal Service** (name = Fiscal Service + account area) and then click **„Restart“**
